

Etowah Swim & Dive Booster Club Financial Assistance Application

Financial Assistance Policy – General Information

Funding is extremely limited. Therefore, reduced rates are awarded on a first come, first served basis. Assistance is also subject to space availability on the team. To provide a fair distribution of funds, some children in a family may not be granted assistance even if others in that same home are, so that we may serve as many families as possible.

The signature on a financial assistance application is an agreement that parent/participant will pay the required reduced amount for the EHS swim program or request a refund before the season begins. A completion of the registration located at Etowahswimdive.swimtopia.com is required prior to a final awarding of the scholarship.

The application must be completed fully and accurately for consideration.

Reduced rate is reviewed before each season and may change each season.

Reduced registration fees may be paid via a pre-arranged payment plan made with Etowah Swim & Dive Booster Club.

Participant must meet the minimum participation guidelines or risk losing eligibility for future programs.

Available Assistance Options:

Fee Waiver: A substantial portion of the registrant's registration fee will be waived. The participant will typically pay no more than 50% of the regular registration fee for the season.

Equipment Voucher: The participant may receive an equipment voucher that may be used at All American Swim Shop to be redeemed for equipment required to swim with EHS Swim & Dive.

Basic equipment is as follows:

- Team Suit
- Fins
- Goggles
