

Parent/Guardian Practice Guidelines

To ensure that the appropriate level of instruction is afforded to everyone, a parent or guardian (18 and older) is required to attend the complete practice of swimmers 8 years and younger. If parent / guardian is found not present, the swimmer will be asked to exit the water until a parent / guardian is present. A notification will be sent to parent / guardian of the situation. If the situation occurs again, the swimmer may be dismissed from the team with no refund of registration fees.
