Coach's Corner

Dolphins,

Last Saturday was a great weekend! Not only did we have another successful meet with hundreds of time improvements, and several bingos, but we also got to relax and have fun with our teammates Saturday night at Midsummer Night's Scream. It was so nice to see swimmers hanging out, playing, and having a good time at the pool. A big thank you to our Operations Crew for making the party possible.

It may seem a little early, but our Divisional (end of season) Meet is right around the corner. In order to compete in this meet, a swimmer must have participated in at least two of our regular season meets. They also cannot swim an event for the first time at the Divisional Meet, so there is still one more chance to try out a new event. I have seen several of our younger swimmers in particular trying out new events for the first time recently. Many of them are nervous before they swim a new event but after they finish, they realize that it wasn't as bad as they thought by any means, and some sign up for that same event the following meet because they liked it so much. If you are unsure of whether or not your swimmer can try out a new stroke, please just email me. I would be happy to talk to their Coach and find out what they think.

Let's keep up the fantastic swimming this coming weekend against Anderson Mill. They are a strong team, but as always, if we go out there and try our best then the meet will be a success. Remember that time improvements and bingos take a little more effort with each passing meet, so be sure to give it your all each and every time you swim.

Hip Zoo, Rah Zoo,

Coach Tom

Operations Desk

Hello, Dolphins families!

It may seem like our season just started, but preparations are already underway for our final meet and celebration on July 6th. It is a virtual meet, so we have decided to integrate our end-of-season celebration into the meet. We will be recognizing swimmer accomplishments, announcing scholarship winners, and cheering for Dolphins who will be swimming their last Dolphins races that evening. Photographs will also be available for pickup. As the meet will take place in the evening, the concession stand will be prepared with some dinner options if your family is pressed for time after a long workday. We hope you are able to join us for this last meet and team celebration!

Since the Divisional Meet and Awards Ceremony are not usually combined, here is what that will look like and what we will need to make it a success!

Firstly, we will need everyone to volunteer for the Divisional meet. This will be a 1 shift meet, so please sign up for a spot so we can make the last meet a success.

Here is the timeline for Divisionals:

WHO'S GOT DOLPHIN SPIRIT??

One of the great traditions of the Dolphins is team cheers! Although we are uncertain as to their origin, it has been a long time favorite of the Dolphin families! If they don't know it already, have your kid's practice the words for an after practice cheer or pre-meet pep talk! Tradition goes... *the louder the better!*

Bad Weather and Swim Practice

As we all know, here in Central Texas, the weather can be very unpredictable. And since swimming and bad weather do not mix; we may need to cancel practice. If practice is cancelled, we will post the cancellation on the website. We will also send out a push notification via the SwimTopia mobile app. Please check before heading to practice if the weather is bad.

DOLPHIN LANE LINES our swim team newsletter will be published weekly by Wednesday and a link sent via our Dolphin E-mail and it will be posted to our website.
