

# BARRACUDA PARENTS NIGHT OUT FUNDRAISER

As most of you know, I graduated from UGA last spring and have continued my education at Georgia Regents University working towards a nursing degree! Starting in July, I will be working as a volunteer/intern in a local hospital, shadowing doctors and teaching English to the community in Portugal. I am VERY excited about this opportunity and look forward to helping children and their families. I believe that this experience will be absolutely life changing. Being a fulltime nursing student I have limited opportunity to hold a job. Since this will be an unpaid volunteer position, I am hoping to raise the \$5,800 necessary needed to participate in this program. I would appreciate your support and I look forward to seeing all of your children again! I miss my Barracuda Family and hope to see you all there!

**Enjoy an evening out, while we entertain the kids!**

**When:** Friday, June 19, 6-10 p.m.

**Where:** 303 Champions Ct. Woodstock GA 30188

Hot Dogs, Popcorn, games and movie will be provided.
