

Due to the Social Distancing all of us are experiencing, the SWIMshop is updating our return policy and sending everyone instructions on how to self-fit your team suit.

While this is a very accurate way to size your suits, there is a chance you may still get an incorrect suit .

Our return policy for summer league team suits is changing for spring. Non-customized returns will be allowed up until the day before the season starts. Logos will be an option when ordering online.

Since many teams must cancel/postpone their in-person team fittings, we hope this will encourage your team members to order early enough to avoid late team suits. **This guideline is for a "SUMMER" fit.**

Some swimmers want tighter suits.
