TSUNAMI SWIM TEAM PARTNERSHIP

The City of College Station Tsunami Swim Team is preparing for its 2014 season. Last summer, nearly 200 boys and girls from ages 5 and over participated on the team at the CSISD Natatorium. The goal of Tsunami Swim Team is to introduce participants to recreational based competitive swimming. Teams from surrounding areas compete in dual meets. Qualified swimmers also have the opportunity to participate in individual meets in Houston.

We invite you to partner with the Tsunami Swim Team for the 2014 season. By partnering, your business has an excellent opportunity to advertise in a cost effective way by reaching a large group of people within our area and surrounding communities. You can select the level of partnership that best meets your needs and be confident that your contribution will be used to help fund the Tsunami Swim Team.

For more information, contact the Tsunami Swim Team at 979.764.3540 or CSTsunamis@gmail.com.
