**Team Set Up:** We will be set up on the main hallway, when you enter from the pools closest to the pool, on the right hand side. Our set up area will begin by the second column and stretch down to the clock on the wall. There will be a taped off area and we must stay within that area. **NO AIR MATTRESSES, NO PORTABLE HAMMOCKS, & NO RUNNING DOWN THE HALLWAYS**

**Team Warm Up Time:** Our warm up time is 7:50 - 8:15 am

**Ready Bench Area:** Ready Bench area will be down the hallway to the left of the main hallway. Most of the prep area will be inside (YAY!) with limited benches outside prior to entering the pool area. **NO parents, unless you are a volunteer, will be allowed in the ready bench area**

**How to Watch your Swimmer:** There is a main pool entrance that faces Fry road. You will be able to enter the pool area from these doors 2 - 3 events prior to your swimmers event. Once your swimmer has completed their swim, they will exit the same way they came in, through the ready bench doors, while parents will exit the bleachers and exit to the door on the left - this is on the opposite end from were you entered at. You may meet your swimmer back at the entrance to the main hallway.
