SCORING

Scorers organize score cards and disqualification (DQ) slips in preparation for entry into the computer system. Two scorers from different teams should score each event/heat.

HOME AND AWAY MEETS:

1. Receive cards from the Runner and organize cards by event/heat and DQ slips.
2. Determine the "official" time. The middle of the three times on the cards shall be the official time. If one time is 1 or more seconds higher or lower that the other 2 times, it will be thrown out and the remaining times will be averaged to determine the official time.
3. If there is a DQ:
   - Verify the DQ slips are signed by both of the stroke/exchange judges.
   - Code the DQ (the DQ codes will be on the judge's form).
   - Initial the slip.
   - Attach the slip to the card.
4. Give the completed cards to the Computers volunteers.
